M International Equity Fund
M Large Cap Growth Fund
M Capital Appreciation Fund
M Large Cap Value Fund

Semi-Annual Report
June 30, 2020

M Fund, Inc.

Beginning in February 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Funds' shareholder reports like this one will no longer be sent by mail, unless you specifically request paper copies of the reports from the Funds or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Funds electronically by calling your insurance company. If you own these shares through a financial intermediary, you may contact your financial intermediary.

You may elect to receive all future reports in paper free of charge. You can inform the Funds that you wish to continue receiving paper copies of your shareholder reports by sending a request in writing to your insurance company or to your financial intermediary. Your election to receive reports in paper will apply to all funds held with the fund complex.

SCHEDULE OF INVESTMENTS (Unaudited) (Continued)

June 30, 2020

Notes to the Schedule of Investments:

ADR—American Depositary Receipt

SP ADR—Sponsored American Depositary Receipt

* Non-income producing security

Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers. The aggregate value of securities exempt from registration under Rule 144A of the Securities Act of 1933 at June 30, 2020, amounts to approximately 2,208,915, and represents 1.33% of net assets.

† Denotes all or a portion of security on loan. As of June 30, 2020, the market value of the securities on loan was \$7,571,543 (Note 1)

†† Represents collateral received from securities lending transactions

‡‡ Affiliated issuer. Assets with a total aggregate market value of \$44,866,060, or 27.0% of net assets, were affiliated with the Fund as of June 30, 2020 (Note 2).

§ Fair valued security—Represents fair value as measured based on the Portfolio Valuation policies specified in Note 1. As of June 30, 2020, the total value of the fair valued securities was \$107,421,893.

Percentages indicated are based on net assets.

The accompanying notes are an integral part of these financial statements.

□ The increase in portfolio turnover rate during the period was primarily attributable to portfolio adjustments made in response to a change in the Fund's sub-adviser.

Includes adjustments in accordance with accounting principles generally accepted in the United States and consequently, the net asset value for financial reporting purposes and the returns based upon those net asset values may differ from the net asset values and returns for shareholder processing.

The accompanying notes are an integral part of these financial statements.

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited)

M Fund, Inc. (the “Corporation”) was incorporated in Maryland on August 11, 1995 and is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company. As of June 30, 2020, the Corporation consisted of four separate diversified investment portfolios: M International Equity Fund, M Large Cap Growth Fund, M Capital Appreciation Fund and M Large Cap Value Fund (each singularly a “Fund” or collectively the “Funds”), each of which is a separate mutual fund.

The Corporation offers shares of the Funds to certain insurance company separate accounts, which serve as the underlying funding vehicles for certain variable annuity and variable life insurance policies. These annuities and insurance policies are offered primarily by members of M Financial Holdings Incorporated (“M Financial Group”) and are issued by certain life insurance companies.

M International Equity Fund

M International Equity Fund seeks to achieve its investment objective through exposure to a broad and diverse group of securities of non-U.S. companies in countries with developed and emerging markets with a greater emphasis on small capitalization, value and/or high profitability companies as compared to their representation in the Non-U.S. Universe. For purposes of the Fund, Dimensional Fund Advisors LP (“DFA”) defines the Non-U.S. Universe as a market capitalization weighted portfolio of non-U.S. companies in developed and emerging markets that have been authorized for investment as approved markets by the DFA’s Investment Committee. The Fund may pursue its investment objective by investing its assets directly and/or indirectly by investing its assets in the DFA Emerging Markets Core Equity Portfolio of DFA Investment Dimensions Group Inc. (the “Underlying Fund”). The Underlying Fund purchases a broad and diverse group of securities associated with emerging markets, which may include frontier markets (emerging market countries in an earlier stage of development), with a greater emphasis on small capitalization, value, and/or high profitability companies. As of the date of this report, it is anticipated that a significant portion of the Fund’s assets will be invested indirectly through the Underlying Fund.

M Large Cap Growth Fund

M Large Cap Growth Fund will normally invest at least 80% of its total assets in domestic equity securities of U.S. large capitalization securities. Domestic equity securities, as determined by DSM Capital Partners LLC (“DSM”), the Fund’s sub-adviser, in its discretion, include, but are not limited to common stocks, preferred stocks, securities convertible into common stocks, rights and warrants. Shares of foreign domiciled issuers that primarily trade on a U.S. exchange are generally considered by DSM to be domestic equity securities. Also, as determined by DSM, issuers that issue domestic equity securities may be domiciled and/or headquartered anywhere in the world. The Fund may generally invest up to 20% of its assets in equity securities of foreign issuers, including American Depositary Receipts and similar securities. DSM defines “large cap” as capitalizations of \$10 billion or more. The Fund will generally contain 25 to 35 equity securities.

This strategy to invest at least 80% of its total assets in domestic equity securities of U.S. large capitalization securities is not fundamental (it may be changed without shareholder approval), but should the Fund decide to change this strategy, it will provide shareholders with at least 60 days’ notice.

DSM uses a “bottom-up,” idea-driven approach and focuses on a long-term (e.g., three-year minimum) investment horizon.

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

DSM seeks to invest in growing businesses with solid fundamentals, attractive profitability and successful management. Candidate companies will typically have projected revenue and earnings growth in excess of 10% and will often have higher returns on equity and assets than average S&P 500 companies. Generally, these businesses will be generating free cash flow and will have financial returns that are stable or rising, driven by improving business fundamentals, all as determined by DSM.

In its stock valuation work, DSM focuses primarily on P/E ratios. P/E is the ratio of a company's share price to its per-share earnings. DSM will generally only buy a stock that it believes has a forward four-quarter P/E ratio that will rise over the next three years. To accomplish this, a target P/E ratio that DSM believes is reasonable and rational and is reflective of a fair valued stock three years from now is selected. DSM will typically buy when the company's stock clears two hurdles: 1. it must have attractive fundamental business characteristics that translate into a reasonably predictable and growing stream of earnings and 2. it must have a P/E on forward four quarters earnings that is normally 8% to 10% below the target P/E three years from the calculation point. In order to determine a target P/E, DSM takes into consideration a number of qualitative and quantitative factors. Among the qualitative factors are barriers to entry, number of competitors, economic cyclicality, customer loyalty, price competition, global reach, government involvement and management quality. Among the quantitative factors are historic revenue and EPS growth, projected revenue and EPS growth, margins, return on assets, return on equity, capital expenditures relative to net income and the historic range of P/E over the last five years. Once a target P/E has been agreed upon, it may occasionally be adjusted.

M Capital Appreciation Fund

M Capital Appreciation Fund principally invests in common stock of U.S. companies of all sizes, with emphasis on stocks of companies with capitalizations that are consistent with the capitalizations of those companies found in the Russell 2500® Index. As of March 31, 2020, the market capitalization range of companies in the Russell 2500® Index was between approximately \$3.3 billion and \$24.5 billion. The Fund may invest up to 15% of the value of its total assets in equity securities of foreign issuers.

The Fund's sub-adviser, Frontier Capital Management Company, LLC ("Frontier") seeks long-term capital appreciation by employing a Growth-At-A-Reasonable-Price approach to identify, in its view, the best risk/reward investment ideas in the U.S. small- and mid-capitalization equity universe. Frontier purchases companies that, in its view, have above-average earnings growth potential and are available at reasonable valuations. Frontier's philosophy combines rigorous bottom-up fundamental analysis with a proven investment process.

Frontier may sell stocks for a number of reasons, including when price objectives are reached, fundamental conditions have changed so that future earnings progress is likely to be adversely affected, or a stock is fully invested and an attractive, new opportunity causes the sale of a current holding with less appreciation potential. Frontier does not sell stocks solely on changes to a company's market capitalization..

M Large Cap Value Fund

M Large Cap Value Fund invests at least 80% of its net assets, plus the amount of borrowings for investment purposes, if any, in issuers domiciled, or having their principal activities, in the United States, at the time of investment or other instruments with similar economic characteristics. In addition, the Fund normally invests at

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

least 80% of its net assets in equity securities of large capitalization companies. Brandywine Global Investment Management, LLC (“Brandywine”), the Fund’s sub-adviser, defines “large capitalization” companies as those companies with market capitalizations similar to companies in the Russell 1000® Index (the “Index”). As of March 31, 2020, the market capitalization range of companies in the Index was between approximately \$73 million and \$1.2 trillion. This strategy is not fundamental (it may be changed without shareholder approval), but should the Fund decide to change this strategy, it will provide shareholders with at least 60 days’ notice.

The Fund invests primarily in equity securities that, in Brandywine’s opinion, are undervalued or out of favor. Brandywine invests in securities that meet its value criteria, primarily price-to-earnings, price-to-book, price momentum and share change and quality, based on both quantitative and fundamental analysis. The Fund expects to hold approximately 175-250 stocks under normal market conditions.

Brandywine bases portfolio price targets on quantitative criteria determined in its sell process. Brandywine’s systems update these quantitatively determined buy and sell limits on a daily basis. Buy candidates must have a price that qualifies the stock as a value such that the price-to-earnings ratio is in the lower 40% of its universe or the price-to-book is in the lower 25% of its universe at time of purchase. Additionally, the current price compared to the price nine months ago must place it above the lower quartile of other universe stocks when ranked by nine month price momentum and the change in shares outstanding over the past year must place it below the upper quartile.

Sell candidates will have a price that when compared to earnings and book place the stock above the median on a price-to-earnings basis and above the 40th percentile on a price-to-book basis. If a stock’s price declines relative to the universe such that it falls to the lower 10% of stocks as ranked on nine month price momentum or the company issues sufficient shares to rank among the top 10% largest issuers (as a percentage of shares outstanding) in the year, the holding will be a sell candidate. Additionally, a stock will be sold if the capitalization falls 20% below the minimum purchase capitalization criteria.

Brandywine may modify buy and sell trigger points and decisions only due to tracking error considerations, trading opportunities or limitations such as position, industry or sector size. Brandywine does not violate its buy and sell rules based on analyst affinity for the stock. Its investment process requires disciplined buy and sell decisions rules with carefully outlined exceptions.

If a security experiences a severe fundamental deterioration event that is not captured in the price change, share change or valuation rules, Brandywine will initiate a sell. The rank order of the most common occurrences are price momentum, valuation expansion into the sell range, share issuance or fundamental deterioration.

1. Significant Accounting Policies

The following is a summary of significant accounting policies for the Funds. Such policies are in conformity with accounting principles generally accepted in the United States of America (“GAAP”) for investment companies and are consistently followed by the Funds in the preparation of the financial statements.

Use of Estimates

Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

1. Significant Accounting Policies (Continued)

Financial Services—Investment Companies. The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

Portfolio Valuation

Equity securities and other similar investments traded on a recognized U.S. securities exchange (other than the National Association of Securities Dealers Automated Quotation System “NASDAQ”) are valued at the last sale price on the exchange on which the securities are traded. If no sale occurs, equity securities and other similar investments traded on a U.S. exchange (other than NASDAQ) are valued at the most recent bid price. Equity securities and other similar investments traded on NASDAQ are valued at the NASDAQ Official Closing Price. If no sale occurs, equity securities and other similar investments traded on NASDAQ are valued at the most recent bid price. Equity securities and other similar investments traded on a non-U.S. exchange are generally valued according to the latest closing values on that exchange prior to the close of the New York Stock Exchange. However, if an event which may change the value of a security occurs after the time that the closing value on the non-U.S. exchange was determined, the Board of Directors may decide to value the security based on fair value. The Board of Directors has approved the use of an independent fair value service for foreign securities, which may provide a fair value price on trading days when the S&P 500 Index moves more than 0.50%. The use of a fair value price may cause the value of the security on the books of the Fund to be significantly different from the closing value on the non-U.S. exchange and may affect the calculation of the Fund’s NAV. Over-the-counter securities are valued at the last sale price on the valuation date or, if no sale occurs, at the most recent bid price. Short-term obligations maturing in sixty days or less are valued at amortized cost, which approximates market value. Amortized cost valuation involves initially valuing a security at its cost, and thereafter, assuming a constant accretion or amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the market value of the security. Securities for which a pricing service supplies no quotations or quotations are not deemed to be representative of market value or for which there are no readily available market quotations are valued at fair value as determined in good faith by the Pricing Committee appointed by the Board of Directors (excluding debt securities with a remaining maturity of sixty days or less). Investments in mutual funds, including money market funds, are valued at their respective NAVs as of the close of the Exchange on the valuation date. These securities are generally categorized as Level 1 in the fair value hierarchy.

Fair value is defined as the price that the Funds would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market for the investment. A three-tier hierarchy is utilized to maximize the use of observable data inputs and minimize the use of unobservable data inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use to price the asset or liability, including assumptions about risk. Observable inputs are inputs that reflect the assumptions market participants would use to price the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity’s own assumptions about the assumptions market participants would use to price the asset or liability

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

1. Significant Accounting Policies (Continued)

based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

- Level 1—quoted prices in active markets for identical investments;
- Level 2—quoted prices in markets that are not active or other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3—significant unobservable inputs (including the Fund’s own assumptions used to determine the fair value of investments).

The valuation techniques used by the Funds to measure fair value during the period ended June 30, 2020 maximized the use of observable inputs and minimized the use of unobservable inputs.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

As of June 30, 2020, the M Large Cap Growth Fund and the M Large Cap value Fund, had (i) all long-term investments classified as Level 1, as represented on the Schedule of Investments; and (ii) all short-term investments classified as Level 2.

As of June 30, 2020, the M Capital Appreciation Fund had: (i) all long-term investments classified as Level 1, as represented on the Schedule of Investments, with the exception of Ferro-globe Plc—ENT which was classified as Level 3 and had no value and (iii) all short-term investments classified as Level 2.

The following is a summary of the inputs used as of June 30, 2020 in valuing the M International Equity Fund investments:

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

1. Significant Accounting Policies (Continued)

During the period ended June 30, 2020, financial assets with a combined market value of \$126,716,539 held by M International Equity Fund transferred from Level 1 to Level 2. At June 30, 2020, these financial assets were priced using a fair value factor applied to quoted market prices.

Securities Transactions, Investment Income and Expenses

Securities transactions are recorded as of the trade date. Realized gains or losses from securities sold are recorded on the identified cost basis. Interest income is recorded on the accrual basis and consists of interest accrued and, if applicable, discount earned less premiums amortized. Dividend income is recorded on the ex-dividend date, except that certain dividends from foreign securities are recorded as soon as the Fund is informed of the ex-dividend date. Investment income is recorded net of foreign taxes withheld where the recovery of such taxes is uncertain. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of the securities received. Expenses of the Corporation that can be directly attributed to a particular fund are charged to that Fund. Expenses that cannot be directly attributed are apportioned among Funds by the Corporation based on average net assets of each Fund.

Additionally, the Funds may invest in mutual funds, which are subject to management fees and other fees that may increase the costs of investing in mutual funds versus the costs of owning the underlying securities directly. These indirect expenses of mutual funds are not included in the amounts shown as expenses in the Funds' Statements of Operations or in the expense ratios included in the financial highlights.

Dividends and Distributions to Shareholders

Each Fund declares and pays dividends from net investment income, if any, and distributes net short-term capital gains, if any, on an annual basis. Each Fund also distributes, at least annually, substantially all of the long-term capital gains in excess of available capital losses, if any, which it realizes for each taxable year. Distributions are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP.

Securities Lending

The Funds participate in a securities lending program under the terms of a Securities Lending Agency Agreement with State Street Bank and Trust Company, which serves as the Funds' securities lending agent. Each Fund may loan its portfolio securities in an amount up to 33 1/3 of its total assets. The Funds receive cash (U.S. currency) and non-cash (U.S. Treasuries and Agencies) as collateral against the loaned securities. Cash collateral is invested by the securities lending agent in a money market mutual fund that meets the quality and diversification requirements in accordance with Rule 2a-7 under the 1940 Act. All collateral received will be in an amount at least equal to 102% (for loans of U.S. securities) or 105% (for loans of non-U.S. securities) of the market value of the loaned securities at the inception of each loan. The market value of the loaned securities is determined each day at the close of business of the Funds and any change in the amount of collateral is delivered to or paid by the Fund the next day. The collateral value does not include the calculated mark, which is the amount charged/returned to the borrower daily to maintain 102%/105% of market value. There is a day lag in receiving the mark, which may at times result in a collateral percentage above or below 102%/105%.

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

1. Significant Accounting Policies (Continued)

The collateral received is recorded on a lending Fund's statement of assets and liabilities, along with the related obligation to return the collateral. A Fund may also record realized gain or loss on securities deemed sold due to a borrower's inability to return securities on loan. Upon an event of default under the Securities Agency Lending Agreement, there is a risk of delay in the recovery of the securities or loss of rights in the collateral. If the borrower fails to return loaned securities and collateral is insufficient to cover the value of loaned securities (provided that the insufficiency is not due to investment losses), the securities lending agent has agreed, at its option, to pay the amount of any shortfall in collateral to the Funds; or to replace the securities. Any dividends or interest payable by the issuers of the loaned portfolio securities, during the time that the securities are on loan, are paid to the borrowers of those securities. Dividend or interest payments that are made to borrowers of the loaned securities are reimbursed by the borrowers to the Funds. Such reimbursement amounts do not comprise qualified dividend income under the Internal Revenue Code of 1986, as amended.

Income generated from the investment of collateral, less negotiated rebate fees paid to the borrower through the securities lending agent, is the source of the Fund's securities lending income, 70% of which is paid to the Fund, 30% of which is paid to the custodian as securities lending agent.

The following table presents financial instruments that are subject to enforceable netting arrangements as of June 30, 2020.

Fund	Gross Amounts of Recognized Assets	Gross Amounts Offset in the Statement Assets and Liabilities	Net Amounts of Assets Presented in the Statement Assets and Liabilities	Gross Amount Not Offset in the Statement of Assets and Liabilities

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

1. Significant Accounting Policies (Continued)

Federal Income Taxes

Each Fund intends to continue to qualify as a regulated investment company by complying with the requirements under Subchapter M of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies and by distributing substantially all of its earnings to its shareholders. Therefore, no provision for federal income or excise tax is necessary.

The Funds evaluate the Funds' tax positions to determine if the tax positions taken meet the minimum recognition threshold in connection with accounting for uncertainties in income tax positions taken or expected to be taken for the purposes of measuring and recognizing tax liabilities in the financial statements. Recognition of tax benefits of an uncertain tax position is permitted only to the extent the position is "more likely than not" to be sustained assuming examination by taxing authorities. The Funds did not have any unrecognized tax benefits as of June 30, 2020, nor were there any increases or decreases in unrecognized tax benefits for the period then ended. The Funds recognize interest and penalties, if any, related to unrecognized tax benefits as an income tax expense in the Statements of Operations. During the six-month period ended June 30, 2020, the Funds did not incur any such interest or penalties. The Funds' tax returns are subject to examination by U.S. federal and state tax authorities for returns filed for the prior three fiscal years, December 2017 through December 2019. No examination of any of the Funds' tax filings is currently in progress.

2. Advisory Fee and Other Transactions with Affiliates

The Corporation has entered into an investment advisory agreement (the "Advisory Agreement") with M Financial Investment Advisers, Inc. (the "Adviser"), a wholly-owned subsidiary of M Financial Group. The Advisory Agreement provides that the Funds will pay the Adviser a fee at an annual rate of the value of each Fund's average daily net assets as follows:

<u>Fund</u>	<u>Total Advisory Fees</u>
M International Equity Fund	0.15% on all assets plus (and only with respect to Fund assets which are not invested in a mutual fund that is advised by the Fund's sub-adviser): 0.32% on the first \$100 million 0.27% on the amounts thereafter
M Large Cap Growth Fund	0.65% of the first \$50 million 0.60% of the next \$50 million 0.55% on the amounts thereafter
M Capital Appreciation Fund	0.90%

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

2. Advisory Fee and Other Transactions with Affiliates (Continued)

<u>Fund</u>	<u>Total Advisory Fees</u>
M Large Cap Value Fund*	For the period January 1, 2020 through April 30, 2020: 0.45% of the first \$250 million 0.35% of the next \$250 million 0.30% of the next \$250 million 0.275% on the amounts thereafter For the period May 1, 2020 through June 30, 2020: 0.43%

* Beginning on October 1, 2016, the previous Sub-Adviser for the Fund waived 5% of its sub-advisory fee. Beginning on October 1, 2019, the previous Sub-Adviser for the Fund waived an additional 2.5% of its sub-advisory fee for a total waiver of 7.5%. Consequently, the Adviser waived a portion of the fee payable by the Fund. For the period January 1, 2020 through April 30, 2020, the fee payable to the Adviser for the Fund was 0.4275% on the first \$250 million, 0.335% on the next \$250 million, 0.2888% on the next \$250 million and 0.2656% on the amounts thereafter on the Fund's average daily net assets. For the period January 1, 2020 through April 30, 2020, the Advisor waived \$6,388 otherwise payable by M Large Cap Value Fund.

Prior to May 1, 2020 and for the period May 1, 2020 to April 30, 2021, the Adviser has contractually agreed to reimburse each Fund for any expenses (other than advisory fees, brokerage or other portfolio transaction expenses or expenses for litigation, indemnification, taxes or other extraordinary expenses) to the extent that such expenses exceed 0.25% of a Fund's annualized average daily net assets. For the six months ended June 30, 2020, the Adviser reimbursed \$44,412 of other expenses for the M International Equity Fund and \$12,153 of other expenses for the M Large Cap Value Fund.

The Adviser has engaged Dimensional Fund Advisors LP, DSM Capital Partners LLC, Frontier Capital Management Company, LLC and Brandywine Global Investment Management, LLC to act as sub-advisers to provide day-to-day portfolio management for the M International Equity Fund, the M Large Cap Growth Fund, the M Capital Appreciation Fund and the M Large Cap Value Fund, respectively. Brandywine Global Investment Management, LLC replaced AJO, LP as the sub-adviser for the M Large Cap Value Fund effective May 1, 2020.

As compensation for their services, each sub-adviser receives a fee based on the average daily net assets of the applicable Fund at the following annual rates:

<u>Fund</u>	<u>Total Sub-Advisory Fees</u>
M International Equity Fund	0.32% on the first \$100 million 0.27% on the amounts thereafter
	<i>Sub-adviser shall not receive any sub-advisory fee for its sub-advisory services to the M International Equity Fund with respect to assets of the M International Equity Fund invested in any other mutual fund advised by the Sub-Adviser.</i>

M Fund, Inc.

M Large Cap Value Fund*	For the period January 1, 2020 through April 30, 2020: 0.30% on the first \$250 million 0.20% on the next \$250 million 0.15% on the next \$250 million 0.125% on the amounts thereafter For the period May 1, 2020 through June 30, 2020: 0.28%

* Beginning on October 1, 2016, the previous Sub-Adviser waived 5% of its sub-advisory fee. Beginning on October 1, 2019, the previous Sub-Adviser for the Fund waived an additional 2.5% of its sub-advisory fee for a total waiver of 7.5%. For the period January 1, 2020 through April 30, 2020, the fee payable to the Sub-Adviser for the Fund was 0.2775% on the first \$250 million, 0.185% on the next \$250 million, 0.1388% on the next \$250 million and 0.1156% on the amounts thereafter on the Fund's average daily net assets. For the period January 1, 2020 through April 30, 2020, the previous Sub-Adviser waived \$6,388 otherwise payable by the Adviser.

The sub-advisory fees are paid by the Adviser out of the investment advisory fees disclosed above.

M Holdings Securities, Inc. acts as distributor (the "Distributor") for each of the Funds. The Distributor is a wholly-owned subsidiary of M Financial Group. No fees are charged by the Distributor for its services.

The Corporation pays no compensation to its officers. As of June 30, 2020, the Corporation pays each Non-Interested Director \$1,500 per meeting attended. The Corporation pays each non-interested Director an annual retainer of \$20,000. Each member of the Audit Committee receives \$1,500 per meeting of the Audit Committee that he attends. The Chairman of the Board and Audit Committee Chair receive an additional \$10,000 annually.

An affiliated company is a company in which a Fund has ownership of at least 5% of the voting securities or is under common management. The Company which is an affiliate of the M international Equity Fund as of June 30, 2020 is noted in the Fund's Schedule of Investments. During the six months ended June 30, 2020, purchases and

sales transactions, income earned from investments and shares held of investment companies managed by Dimensional Fund Advisors LP for the M International Equity Fund were as follows:

Affiliated Investment Company	Value, Beginning of Period	Purchases at Cost	Proceeds from Sales	Net Realized Gain on Sales	Change in Unrealized (Depreciation)	Value, End of Period	Dividend Income	Shares End of Period
DFA Emerging Markets Core Equity Portfolio . . .	\$50,269,148	\$3,109,661	\$(1,780,000)	\$121,801	\$(6,854,550)	\$44,866,060	\$397,661	\$2,403,110

The DFA Emerging Markets Core Equity Portfolio is registered under the 1940 Act as an open-end management investment company. The M International Equity Fund may redeem its investment from the DFA Emerging Markets Core Equity Portfolio at any time if the Advisor determines that it is in the best interest of the M International Equity Fund and its shareholders to do so.

The performance of the M International Equity Fund will be directly affected by the performance of the DFA Emerging Markets Core Equity Portfolio. The financial statements of the DFA Emerging Markets Core Equity Portfolio, including the portfolio of investments, can be found at the Securities and Exchange Commission's website (www.sec.gov) and should be read in conjunction with the M International Equity Fund's financial statements. As of June 30, 2020, the percentage of M International Equity Fund net assets invested in the DFA Emerging Markets Core Equity Portfolio was 27.0%.

3. Purchases and Sales of Securities

Cost of purchases and proceeds from sales of investment securities, excluding short-term investments, for the six months ended June 30, 2020, were as follows:

	Non-U.S. Government Securities

5. Financial Instruments

Foreign Investments and Foreign Currency

Each of the Funds may invest in securities of companies that are organized under the laws of a foreign country and (i) are unlisted or listed primarily on a non-U.S. exchange; or (ii) are listed on a U.S. exchange or over-the-counter as a sponsored or unsponsored American Depositary Receipt (“foreign issuers”). M International Equity Fund may also invest in non-U.S. dollar denominated securities and securities of foreign issuers represented by European Depositary Receipts (“EDRs”), International Depositary Receipts (“IDRs”) and Global Depositary Receipts (“GDRs”). The value of all assets and liabilities expressed in foreign currencies are translated into U.S. dollars at the exchange rates captured as of twelve noon Eastern Time each business day other than market holidays or early closures. Purchases and sales of investment securities, income receipts and expense payments are translated into U.S. dollars at the prevailing exchange rate on the respective dates of such transactions. Net realized foreign currency gains and losses result from changes in exchange rates, including foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions and the difference

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

5. Financial Instruments (Continued)

between the amounts of interest and dividends recorded on the books of the Funds and the amount actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial trade date and subsequent sale trade date is included in realized gains and losses on investment transactions. M International Equity Fund does not isolate that portion of the results for changes in foreign currency exchange rates from the fluctuations arising from changes in market prices of securities held at year end.

Investments in non-U.S. dollar denominated securities or in the securities of foreign issuers may be affected by changes in currency rates, changes in foreign or U.S. laws or restrictions applicable to such investments and in exchange control regulations (e.g., currency blockage). Some foreign stock markets may have substantially less volume than, for example, the New York Stock Exchange, and securities of some foreign issuers may be less liquid than securities of comparable domestic issuers. Commissions and dealer mark-ups on transactions in foreign investments may be higher than for similar transactions in the United States. In addition, clearance and settlement procedures for such securities may be different in foreign countries and, in certain markets, on certain occasions such procedures have been unable to keep pace with the volume of securities transactions.

Foreign issuers are not generally subject to uniform accounting, auditing and financial reporting standards comparable to those applicable to domestic companies. There may be less publicly available information about a foreign issuer than about a domestic one. In addition, there is generally less government regulation of stock exchanges, brokers, and listed and unlisted issuers in foreign countries than in the United States. Furthermore, with respect to certain foreign countries, there is a possibility of expropriation or confiscatory taxation, imposition of withholding taxes on dividend or interest payments, limitations on the removal of funds or other assets of the Funds, or political or social instability or diplomatic developments which could affect investments in those countries. Individual foreign economies also may differ favorably or unfavorably from the United States economy in such respects as growth of gross national product, rate of inflation, capital reinvestment and resource self-sufficiency.

Because investment in foreign issuers will usually involve currencies of foreign countries, and because the Funds may be exposed to currency exposure independent of their securities positions, the value of the assets of the Funds invested in foreign issuers as measured in U.S. dollars will be affected by changes in foreign currency exchange rates. To the extent that a Fund's assets consist of investments denominated in a particular currency, the Fund is at risk of adverse developments affecting the value of such currency.

Currency exchange rates may fluctuate significantly over short periods of time causing, along with other factors, a Fund's net asset value to fluctuate as well. Currency exchange rates generally are determined by the forces of supply and demand in the foreign exchange markets and the relative merits of investments in different countries, actual or anticipated changes in interest rates and other complex factors, as seen from an international perspective. Currency exchange rates also can be affected unpredictably by intervention by U.S. or foreign governments or central banks, or the failure to intervene, or by currency controls or political developments in the U.S. or abroad. To the extent that a substantial portion of a Fund's total assets, adjusted to reflect the Fund's net position after giving effect to currency transactions, is denominated in the currencies of foreign countries, the Fund will be more susceptible to the risk of adverse economic and political developments within those countries.

6. Beneficial Interest

Shares of the Funds are owned by insurance companies through their separate accounts that are used primarily to fund variable annuity contracts and variable life insurance contracts. As of June 30, 2020, John Hancock Variable

M Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)

6. Beneficial Interest (Continued)

Life Insurance Co., Pacific Life Insurance Co., Pruco Life Insurance Co. of Arizona and Security Life of Denver (an indirect, wholly owned subsidiary of Voya Financial, Inc.) each owned 5% or more of the Funds' shares. John Hancock Variable Life Insurance Co. and Pacific Life Insurance Co. may each be deemed a control person of each Fund because their separate accounts hold more than 25% of the shares of each Fund.

As of June 30, 2020, the ownership of each Fund was as follows:

	Percentage of Ownership ⁽¹⁾			
	John Hancock Variable Life Insurance Co.	Pacific Life Insurance Co.	Pruco Life Insurance Co. Of Arizona	Voya-Security Life of Denver
M International Equity Fund	40.2%	38.9%	6.4%	6.3%
M Large Cap Growth Fund	51.1%	32.4%	6.7%	1.5%
M Capital Appreciation Fund	47.4%	38.0%	2.0%	5.5%
M Large Cap Value Fund	53.2%	29.9%	5.1%	1.6%

⁽¹⁾ The balance of the Funds' shares are owned by shareholders with less than 5% beneficial interest.

7. Tax Information

As of June 30, 2020, aggregated gross unrealized appreciation for investment securities in which there is an excess of value over tax cost and aggregate gross unrealized depreciation for investment securities in which there is an excess of tax cost over value were as follows:

	Federal Income Tax Cost	Tax Basis Unrealized Appreciation	Tax Basis Unrealized Depreciation	Tax Basis Net Unrealized Appreciation/ Depreciation
M International Equity Fund	\$173,649,633	\$15,079,971	\$(20,113,321)	\$(5,033,350)
M Large Cap Growth Fund	119,937,618	93,252,016	(1,983,688)	91,268,328
M Capital Appreciation Fund	129,594,375	51,813,002	(22,130,475)	29,682,527
M Large Cap Value Fund	76,748,299	4,568,027	(3,535,443)	1,032,584

8. Disclosure of Certain Commitments and Contingencies

In the normal course of business, the Corporation may enter into contracts and agreements that contain a variety of representations and warranties that provide general indemnifications. The maximum exposure to the Corporation under these arrangements is unknown, as it involves future claims that may be made against the Corporation that have not yet occurred. However, based on experience, the Corporation believes that the current risk of loss is remote.

9. Subsequent Events

The Funds have evaluated subsequent events through the date of issuance of the Funds' financial statements and have determined there is no material impact to the Funds' financial statements.

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS

APPROVAL OF AN AMENDMENT TO THE INVESTMENT ADVISORY AGREEMENT IN CONNECTION WITH THE CHANGE IN SUB-ADVISER OF THE M LARGE CAP VALUE FUND

The Board of Directors (the “Board”) of M Fund, Inc. (the “Corporation”), including the Independent Directors, unanimously approved an amendment to the Investment Advisory Agreement (the “Amendment”) between M Financial Investment Advisers, Inc. (the “Adviser”), a wholly-owned subsidiary of M Financial Group, and the Corporation in connection with the change in sub-adviser of the M Large Cap Value Fund at its meeting held on March 13, 2020. The terms of the Investment Advisory Agreement following the Amendment were substantially similar to those under the previous Investment Advisory Agreement, except that: (i) the advisory fee for the M Large Cap Value Fund decreased due to the change in sub-adviser; and (ii) the date of the Amendment is different. The Amendment provides that the M Large Cap Value Fund shall compensate the Adviser at the annual rate of 0.43%. The Board considered information provided by the Adviser earlier in the meeting. In considering whether to approve the Amendment, the Board, including the Independent Directors, noted that the factors for the approval of the Amendment were discussed in detail in connection with the approval of the continuation of the Investment Advisory Agreement. The Board noted that the considerations in connection with the approval of the Amendment were the same.

Based upon such information as it considered necessary to the exercise of its reasonable business judgment, and after deliberation and consideration of the information provided, the Board concluded that it was fair and reasonable and in the best interests of the M Large Cap Value Fund’s shareholders to approve the Amendment. The Board also determined that the terms of the Amendment were fair and reasonable with respect to the M Large Cap Value Fund.

APPROVAL OF A NEW INVESTMENT SUB-ADVISORY AGREEMENT IN CONNECTION WITH THE CHANGE IN SUB-ADVISER OF THE M LARGE CAP VALUE FUND

The Board approved a new Sub-Advisory Agreement with Brandywine Global Investment Management, LLC (“Brandywine”), on behalf of the M Large Cap Value Fund at its meeting held on March 13, 2020 (the “New Sub-Advisory Agreement”). The Board considered the New Sub-Advisory Agreement in connection with a change in the sub-adviser for the M Large Cap Value Fund from AJO, LP to Brandywine. In considering whether to approve the New Sub-Advisory Agreement, the Board noted that the Adviser was recommending the change of sub-adviser and the approval of the New Sub-Advisory Agreement as in the best interests of the M Large Cap Value Fund and its shareholders. The Board also considered information provided by the Adviser and by Brandywine. In considering whether to approve the New Sub-Advisory Agreement, the Board, including the Independent Directors, did not identify any single factor as determinative. Matters considered by the Board, including the Independent Directors, in connection with their approval of the New Sub-Advisory Agreement included the following:

Capability, Nature and Quality of Services. The Board reviewed in detail the capability, nature, extent and quality of the services to be provided by Brandywine under the terms of the New Sub-Advisory Agreement. The Board considered the experience of Brandywine as an investment manager. The Board also reviewed the personnel at Brandywine that would be responsible for providing sub-advisory services to the M Large Cap Value Fund. The Board concluded that Brandywine had significant operational experience and the capability, resources and personnel necessary to manage the M Large Cap Value Fund and that the information provided supported the approval of the New Sub-Advisory Agreement.

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

The Board also considered that, on February 18, 2020, Franklin Resources, Inc. (“Franklin Resources”) entered into a definitive agreement to acquire Legg Mason, Inc. (“Legg”) in an all-cash transaction (the “Acquisition”). The Board noted that Brandywine is currently a wholly-owned subsidiary of Legg, and therefore, the Acquisition would constitute a change in control and an assignment of the Sub-Advisory Agreement with Brandywine that the Board approved, which would result in a termination of such Agreement. It was noted that Brandywine had confirmed to the Adviser that it will retain an autonomous arrangement with Franklin Resources, ensuring that the investment philosophies, processes and brand of Brandywine will remain unchanged. As a result of the Acquisition, the Board approved both the New Sub-Advisory Agreement with Brandywine to be effective as of May 1, 2020 and a second Sub-Advisory Agreement with Brandywine to be effective upon the Acquisition and the termination of the New Sub-Advisory Agreement.

Compliance History. The Board considered the regulatory compliance history of Brandywine. It was noted that Brandywine maintains written policies and procedures that are designed to prevent violations of the federal securities laws. Brandywine certified that it has not had any material violations of its policies and procedures or its Code of Ethics for the two-year period ended December 31, 2019 and there are no pending inquiries by the SEC or any other regulatory agency. Based upon information provided to it, the Board concluded that it was satisfied with the adequacy of Brandywine’s compliance program and that the information provided supported the approval of the New Sub-Advisory Agreement.

Investment Performance. The Board considered the information about the performance of Brandywine’s Diversified Large Value Equity Strategy, including information that compared the performance of the strategy to the performance of the relevant benchmark, the Russell 1000 Value Index. The strategy exceeded its benchmark for the one-, three-, five-, ten- and since inception time periods through December 31, 2019. The Board concluded that, relying on Brandywine’s investment performance managing its equity strategy, Brandywine’s previous investment performance has been satisfactory.

Advisory Fees. The Board considered the sub-advisory fees that would be payable to Brandywine and the total advisory fee payable by the Fund. The Board compared the level of the proposed advisory fee for the M Large Cap Value Fund to those of other funds with similar strategies. The Board noted that the proposed total advisory fee for the M Large Cap Value Fund was 43 basis points, which includes 15 basis points payable to the Adviser as an Advisory fee. The Board noted that the Fund’s total advisory fee is less than 119 of the 137 managers in the peer group. The Board considered the profitability and “fall-out” benefits, if any, to be received by Brandywine and considered that Brandywine does not engage in soft dollar transactions. The Board concluded that the proposed sub-advisory fees payable to Brandywine were fair and reasonable and supported the approval of the New Sub-Advisory Agreement.

Economies of Scale. The Board considered the benefit to investors of economies of scale. The Board noted that as M Large Cap Value Fund assets increase, fixed operating costs are spread over a larger asset base, resulting in lower per share allocation of such costs. The Board concluded that, given the size of the Fund, economies of scale were not a significant factor to consider in connection with the approval of the New Sub-Advisory Agreement.

Brokerage Transactions. The Board considered Brandywine’s intended brokerage selection process on behalf of the M Large Cap Value Fund. The Board noted that Brandywine selects brokers based on a number of stated criteria and that all brokerage firms used by Brandywine must be approved in accordance with their policies and procedures.

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

Brokers are reviewed by and approved by Brandywine at least annually by its investment committee. The Board noted that Brandywine does not intend to engage in soft dollar transactions on behalf of the M Large Cap Value Fund. The Board noted that the M Large Cap Value Fund's CCO had reviewed Brandywine's written policies and procedures for fair trading and best execution. The Board concluded that it was satisfied with Brandywine's policies and procedures for brokerage selection and execution.

Based upon such information as it considered necessary to the exercise of its reasonable business judgment, and after deliberation and consideration of the information provided, including the factors summarized above, the Board concluded that it was fair and reasonable and in the best interests of the M Large Cap Value Fund's shareholders to approve the New Sub-Advisory Agreement.

CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY AND SUB-ADVISORY AGREEMENTS

The Board meets on a quarterly basis to review the ongoing operations of the Corporation and the Funds (as defined below), and at each meeting, considers matters bearing on (1) the Investment Advisory Agreement (the "Advisory Agreement") between the Corporation and the Adviser, and (2) the Investment Sub-Advisory Agreements (each, a "Sub-Advisory Agreement" and collectively, the "Sub-Advisory Agreements") between the Adviser, on behalf of the M International Equity Fund, M Capital Appreciation Fund, M Large Cap Growth Fund and M Large Cap Value Fund (each, a "Fund" and collectively, the "Funds"), and Dimensional Fund Advisors ("DFA"), Frontier Capital Management Company, LLC ("Frontier"), DSM Capital LLC ("DSM") and, beginning on May 1, 2020, Brandywine, respectively (each, a "Sub-Adviser" and collectively, the "Sub-Advisers"). The independent directors meet with the entire Board and hold separate executive sessions to the extent that the independent directors believe that such sessions are necessary.

At each quarterly meeting, the Board specifically reviews the investment performance of each Fund (reflecting the advisory services provided by the applicable Sub-Adviser), in both absolute terms and relative to each Fund's relevant benchmark index. The Board considers this performance in light of general economic conditions. Finally, the Board receives quarterly performance reports and Sub-Adviser evaluations from Strategic Capital Investment Advisors, Inc. ("Strategic Capital"), as summarized below.

In addition to investment performance, the quarterly reviews specifically address and consider other matters that bear upon and are part of the annual evaluation and approval, such as compliance (including code of ethics violations) matters.

These quarterly on-going reviews and monitoring form an important basis for the annual review and approval discussed below.

The Board utilizes the services of Strategic Capital to help choose and evaluate each of the Corporation's Sub-Advisers. Strategic Capital is an independent, third-party vendor that provides consulting services to institutional investors. The Adviser engages Strategic Capital primarily to evaluate existing Sub-Adviser performance and assist in searches for new sub-advisers, when necessary.

Strategic Capital provides the Board with Fund performance information quarterly. Strategic Capital also provides the Board with Sub-Adviser evaluations based upon on-going qualitative assessments and quantitative analysis.

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

This evaluation provides the Board with an in-depth understanding of each Sub-Adviser’s investment philosophy, process, capabilities and resources.

ANNUAL REVIEW AND APPROVAL OF THE INVESTMENT ADVISORY AND SUB-ADVISORY AGREEMENTS

At a meeting held on March 13, 2020, the Board, including the Independent Directors, unanimously approved the continuance of the Advisory Agreement and the Sub-Advisory Agreements with DFA, DSM and Frontier. At this meeting, the Board evaluated, among other things, written information provided by the Adviser and each Sub-Adviser, as well as answers to questions posed by the Board to representatives of the Adviser (including answers provided at other Board meetings).

The Adviser and Sub-Advisers furnished information concerning a variety of aspects of the operation of the Funds including, (1) the capability of the Adviser and each Sub-Adviser to provide advisory services (including number and experience of personnel, administrative systems, and financial strength); (2) the nature, extent, and quality of services to be provided by the Adviser and each Sub-Adviser; (3) the Adviser’s and each Sub-Adviser’s regulatory compliance history; (4) the investment performance of each Fund; (5) advisory fees, considering the services provided; the costs and expenses of the Adviser or each Sub-Adviser; fees throughout the industry; the level of profit realized by the Adviser or each Sub-Adviser under the Advisory Agreements; and any collateral or “fall-out” benefits to the Adviser, each Sub-Adviser, or a Fund; (6) the extent to which economies of scale would be realized as the Corporation and the Funds grow and whether shareholders benefit from these economies of scale; and (7) each Sub-Adviser’s choice of brokers and dealers for portfolio transactions and the cost for such transactions.

Below is a discussion of the information considered by the Board, as well as the Board’s conclusions with respect to the Advisory Agreement and Sub-Advisory Agreements presented to the Board for its approval at its March 13, 2020 Board meeting.

Applicable rules of the U.S. Securities and Exchange Commission (“SEC”) and relevant case law instruct mutual fund directors to consider a number of specific factors in approving and re-approving Advisory and Sub-Advisory Agreements. Those rules are designed for the typical situation where the adviser or sub-adviser is the sponsor (or an affiliate of the sponsor) of the fund and therefore the relationship is not an “arms-length” one (that is, since the advisor may have a strong or undue influence over the fund, the two parties are not in equal bargaining positions). Here, however, the Corporation and the Sub-Advisers are independent of each other, and there is no other material business arrangement between them, so that there is truly an “arms-length” bargaining position. In these circumstances, the SEC permits a fund’s board to view certain otherwise applicable factors as not relevant or less material with respect to such “non-sponsor advisers” (see SEC Release No. 33-8433, June 23, 2004). Here, in accordance with such SEC guidance, factors that may be irrelevant (or less material than others) include the Sub-Advisers’ costs and profits. In addition, there may be few, or fewer and less significant, collateral or “fall-out” benefits for the Sub-Advisers.

The following discussion is not intended to be all-inclusive. The Board was presented with and considered a significant amount of information and a variety of factors in connection with its review of the Advisory Agreement and the Sub-Advisory Agreements. The Board did not find it practicable to, and did not, quantify or otherwise

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

assign relative weights to the specific factors considered in reaching their conclusions and determinations to approve the continuance of the Advisory Agreement and the Sub-Advisory Agreements. Nor did the Board identify any particular item of information or factor that was controlling. The approval determinations were made on the basis of each director's business judgment after consideration of all of the factors taken as a whole, although individual directors may have given different weights to certain factors and assigned various degrees of materiality to conclusions made.

1. THE CAPABILITY OF THE ADVISER AND EACH SUB-ADVISER TO PROVIDE ADVISORY SERVICES AND THE NATURE, EXTENT AND QUALITY OF SERVICES PROVIDED

The Board reviewed in detail the capability of the Adviser and each Sub-Adviser to provide advisory services to the Funds under the terms of the Advisory Agreement and Sub-Advisory Agreements. The Board reviewed the personnel at the Adviser and each Sub-Adviser responsible for providing advisory and sub-advisory services to the Funds.

The Board reviewed in detail the nature and extent of the services provided by the Adviser and Sub-Advisers under the terms of the Advisory Agreement and Sub-Advisory Agreements, and the quality of those services over the past year (and longer). The Board considered the experience of the Adviser and each Sub-Adviser as an investment manager. Regarding the Adviser, the Board noted that the Adviser has been registered as an investment adviser under the Investment Advisers Act of 1940, as amended (the "Advisers Act") since 1995. As of December 31, 2019, the Adviser had approximately \$687.9 million in assets under management, all of which were assets of the Corporation. The Adviser delegates the day-to-day investment of the Funds to the Sub-Advisers. The Adviser monitors the general business activity of the Sub-Advisers through a variety of quarterly and annual questionnaires and on-site compliance meetings and reports significant changes and developments to the Board at least quarterly. The Board noted that a complete description of the services provided by the Adviser and the experience of its officers was contained in its Form ADV, which was included in the Board Materials. It was noted that the Adviser's organizational chart is also included in the Board Materials. The Board concluded that the Adviser has the operational experience, capability, resources and personnel necessary to continue to manage the Funds.

M International Equity Fund

The Board noted that DFA was founded in 1981 and has managed the M International Equity Fund since December 12, 2018. As of December 31, 2019, DFA had approximately \$609 billion of assets under management. The Board noted that DFA uses a team approach in all business aspects. In accordance with the team approach, DFA investment professionals make investment decisions based on guidelines, policies and procedures established by its investment committee. The Board concluded that DFA has significant operational experience and the capability, resources and personnel necessary to continue to manage the Fund.

M Large Cap Growth Fund

The Board noted that DSM was founded in 2001 and has managed the M Large Cap Growth Fund since October 2009. As of December 31, 2019, DSM had approximately \$7.8 billion of assets under management. The Fund is managed by one of DSM's founders and principals, Daniel Strickberger, with the support of a team of research analysts/portfolio managers. DSM has a complete operations group comprised of traders, compliance and

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

client service professionals, who also handle trade settlement, reconciliation and billing. The Adviser has direct access to DSM's principals. DSM manages two other mutual funds, one since 2009 and the other since 2012. The Board concluded that DSM has significant operational experience and the capability, resources and personnel necessary to continue to manage the Fund.

M Capital Appreciation Fund

The Board noted that Frontier has been registered as an investment adviser under the Advisers Act since 1981 and has managed the M Capital Appreciation Fund since its inception in January 1996. Frontier had \$13.9 billion in assets under management as of December 31, 2019. Mike Cavaretta, one of Frontier's principals, has been primarily responsible for the management of the Fund since its inception. The Board noted that Frontier has significant investment operations and support staff, which include a dedicated back office, compliance and marketing professionals, analysts and portfolio managers. The Board concluded that Frontier has significant operational experience and the capability, resources and personnel necessary to continue to manage the Fund.

2. REGULATORY COMPLIANCE HISTORY OF ADVISER AND SUB-ADVISERS

The Board considered the regulatory compliance history of the Adviser and each Sub-Adviser, which is reviewed quarterly by the Adviser and any material violations are brought to the attention of the Corporation's Chief Compliance Officer and the Board. Neither the Adviser, nor any of the Sub-Advisers had any material violations of any of their respective policies and procedures or their Codes of Ethics during the year ended December 31, 2019. Based upon information provided to it, the Board concluded that it was satisfied with the adequacy of the Adviser's and Sub-Advisers' compliance programs.

3. THE INVESTMENT PERFORMANCE OF EACH FUND, THE ADVISER AND EACH SUB-ADVISER

The Board noted that investment performance for each Fund is primarily determined by the investment decisions of each Sub-Adviser. The Board also noted that the Adviser has the responsibility to manage each Sub-Advisory relationship and make decisions about when to recommend a change in Sub-Adviser. The Board noted that management monitors each Fund's performance on an on-going basis and the Board reviews performance quarterly. The Board noted the Adviser's approach to evaluating each Sub-Advisory relationship including meeting annually with each Sub-Adviser. The Board concluded that the Adviser is appropriately managing each Sub-Advisory relationship.

The Board reviewed the investment performance of each Fund for the one-, three-, five- and 10-year periods ended December 31, 2019 and for the period from the inception of each Fund through December 31, 2019.

M International Equity Fund

The Board considered the investment performance of M International Equity Fund while it has been managed by DFA. The Fund lagged its benchmark, the MSCI ACWI ex USA, for the one-, three-, five-, and ten-year periods, but exceeded the benchmark from inception to December 31, 2019. It was noted that the investment performance for periods prior to the 1-year period included management by the Fund's previous sub-advisers. The Board stated

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

that it places no weight on the Fund's performance prior to DFA assuming investment management responsibilities. The Board concluded that it was satisfied with DFA's investment performance.

M Large Cap Growth Fund

The Board considered the investment performance of M Large Cap Growth Fund while it has been managed by DSM. The Fund lagged its benchmark, the Russell 1000 Growth Index, for the one- and five-year periods, but exceeded the benchmark for the three- and 10-year periods and from inception to December 31, 2019. It was noted that the investment performance provided included 14 years of management by the Fund's previous sub-adviser, which was replaced largely due to poor investment performance. The Board stated that it places no weight on the Fund's performance prior to DSM assuming investment management responsibilities. The Board concluded that DSM's investment performance was adequate.

M Capital Appreciation Fund

The Board considered the investment performance of M Capital Appreciation Fund. The Fund exceeded its benchmark, the Russell 2500 Index, for the one-year and since inception periods ended December 31, 2019 but lagged for the three-, five- and 10-year periods. The Board noted that Frontier's investment performance was satisfactory.

4. ADVISORY FEES PAYABLE TO THE ADVISER AND SUB-ADVISERS

The Board considered the advisory fees payable to the Adviser and Sub-Advisers. The Board noted that each Fund pays a management fee to the Adviser and the Adviser retains 0.15% of the management fee and pays the balance of the management fee to the applicable Sub-Adviser. The Board reviewed information comparing the advisory fee of each Fund to the advisory fee charged to similar funds. The Board considered the profitability of the Adviser and noted that no "fall-out" or collateral benefits were reported except the differentiation in the marketplace allowed by the relationship because M Member Firms were able to offer the Funds to their clients while the majority of their competitors were not. The Board concluded that the management fees and the portion of the management fees retained by the Adviser were fair and reasonable.

The Board reviewed a comparison of each Fund's advisory fees to those of other funds with similar strategies.

M International Equity Fund

The Board noted that based on the Fund's assets, the management fee includes 0.15% payable to the Adviser as an Advisory fee; plus a fee to DFA of 0.32% on the first \$100 million of assets under management; plus 0.27% on amounts over \$100 million. It was noted that the 0.32% and 0.27% fees are not charged on assets invested in the Emerging Markets Core Equity Portfolio of DFA Investment

Dimensions Group Inc. and the Board noted that assets invested in that Portfolio indirectly paid an advisory fee to DFA as the investment adviser to the Portfolio. The Board noted that the Fund's total advisory fee is less than 55 of the other 67 managers in the peer group. The Board noted that no "fall-out" or collateral benefits to DFA, the

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

Adviser or the Corporation resulting from the Sub-Advisory relationship were reported, and DFA does not engage in soft dollar transactions on behalf of the Fund. The Board concluded that DFA's fees were fair and reasonable.

M Large Cap Growth Fund

The Board noted that based upon the Fund's assets, the management fee was 0.59% of its average daily net assets, of which 0.15% was retained by the Adviser and the remainder was paid to DSM. The Board noted that the Fund's total advisory fee is less than 104 of the 169 other managers in the peer group and the sub-advisory fee DSM charges to the Fund is lower than its standard fee structure for separately-managed accounts in its large cap growth strategy. The Board reviewed DSM's financial statements. The Board noted that no "fall-out" benefits to DSM, the Adviser or the Corporation resulting from the Sub-Advisory relationship were reported; however, DSM does engage in soft-dollar transactions on behalf of the Fund and other accounts. The Board concluded that DSM's fees were fair and reasonable.

M Capital Appreciation Fund

The Board noted that the Fund's management fee was 0.90% of average daily net assets, of which 0.15% was retained by the Adviser and the remainder was paid to Frontier. The Board noted that the Fund's total advisory fee is higher than 49 and the same as one of the other 53 funds in its peer group, but still falls within a reasonable range of its peers. The Board also noted that Frontier manages approximately 30 separate accounts in the capital appreciation strategy, and all but three pay the same fee that the Fund pays. The Board noted that no "fall-out" benefits to Frontier, the Adviser or the Corporation resulting from the Sub-Advisory relationship were reported, however, Frontier does engage in soft dollar transactions on behalf of the Fund and its other accounts. The Board concluded that Frontier's fees were fair and reasonable.

5. THE EXTENT TO WHICH ECONOMIES OF SCALE WOULD BE REALIZED AS EACH FUND GROWS AND WHETHER SHAREHOLDERS BENEFIT FROM THESE ECONOMIES OF SCALE

The Board considered the benefit to investors of economies of scale. The Board noted that the portion of the management fee retained by the Adviser does not decrease at breakpoints, but instead remains fixed at 0.15% of the average daily net assets of each Fund. The Board noted that the sub-advisory fees payable for the M International Equity Fund and M Large Cap Growth Fund to DFA and DSM, respectively, decrease at breakpoints while the sub-advisory fees payable for the M Capital Appreciation Fund to Frontier do not decrease at breakpoints. The Board noted that as assets in each of the Funds increase, fixed operating costs are spread over a larger asset base resulting in a lower per share allocation of such costs. The Board concluded that these economies of scale benefit shareholders.

6. THE OPERATING EXPENSES OF THE FUNDS

The Board considered the operating expenses of each Fund. The Board noted that in addition to the advisory fee, each Fund is also responsible for payment of a portion of the Corporation's operating expenses. The Board reviewed information comparing the total annual operating expenses of each Fund to the total annual operating expenses of similar funds.

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

The Board noted that the Adviser has contractually agreed to reimburse each Fund for any expenses (other than advisory fees and extraordinary expenses) incurred by the Fund to the extent that such expenses exceed 0.25% of the Fund's average daily net assets. The Board noted that the Adviser reimbursed \$87,634 in 2019 all of which related to the M International Equity Fund. The Board further noted that based on 2020 projected asset levels, which were calculated at the end of 2019, reimbursement of approximately \$25,000 was expected for 2020; however, that number would likely be higher due to COVID-19 related asset declines. The Board concluded that the Corporation's operating expenses were fair and reasonable.

7. THE SUB-ADVISERS' PROCESS FOR SELECTION OF BROKERS AND DEALERS FOR PORTFOLIO TRANSACTIONS AND THE COST FOR SUCH TRANSACTIONS.

The Board considered the brokerage transactions on behalf of the Funds. The Board noted that the trading and execution for the Funds is handled at the Sub-Adviser level. The Board noted that the Corporation's Chief Compliance Officer reviews each Sub-Adviser's written policies and procedures for fair-trading and best execution at least annually. The Board also noted that it is presented with quarterly reports of each Sub-Adviser's soft-dollar commission information. The Board concluded that it was satisfied with the Sub-Advisers' policies and procedures for broker selection and best execution.

The Board considered each Sub-Adviser's process for choosing brokers for each Fund.

M International Equity Fund

The Board noted that DFA selects brokers based on a number of stated criteria and that all brokers used by DFA must be approved in accordance with DFA's policies and procedures. Brokers are reviewed and approved by DFA at least annually by its investment committee. The procedures vary, depending upon the type of broker and securities, and the market where the securities are traded and an approved list of brokers is maintained. DFA Senior Investment Personnel may decide to suspend trading with a broker or remove a broker from the approved broker list for any reason. The Board noted that DFA does not engage in soft dollar transactions on behalf of the Fund. The Board concluded that it was satisfied with DFA's policies and procedures for broker selection and execution.

M Large Cap Growth Fund

The Board noted that DSM's CCO works closely with its head trader and an outside compliance firm to review broker rotation and to ensure that all DSM clients receive similar execution over time. Brokers are evaluated by DSM's head trader based on stated criteria, such as execution, price, responsiveness, reporting, etc. DSM's analysts also rate each approved broker on the quality of industry conferences provided by the broker, as well as their company research. These evaluations result in an average overall score for each broker. The CCO and head trader meet to discuss the evaluations and to prepare a soft-dollar budget for the year based on evaluation results. DSM presents soft dollar information to the Board each quarter. The Board concluded that it was satisfied with DSM's policies and procedures for broker selection and best execution.

BOARD OF DIRECTORS REPORT
CONSIDERATIONS IN APPROVING INVESTMENT ADVISORY
AND SUB-ADVISORY AGREEMENTS (Continued)

M Capital Appreciation Fund

The Board noted that the following three considerations are paramount to every decision Frontier makes regarding the selection of brokers and dealers to execute transactions for clients: (i) best execution; (ii) adherence to fiduciary duty; and (iii) compliance with the law. All decisions as to which broker or dealer will be selected to execute a particular transaction for a client account are made by a member of the trading desk. Frontier presents soft dollar information to the Board each quarter. The Board concluded that it was satisfied with Frontier's policies and procedures for broker selection and best execution.

CONCLUSIONS

The Board noted that no single factor was cited as determinative to the decision of the Board. Rather, after weighing all of the considerations and conclusions discussed above and based upon such information as it considered necessary to the exercise of its reasonable business judgment, the Board concluded that it was fair and reasonable and in the best interests of the Funds to continue the investment advisory agreement with the Adviser and the sub-advisory agreements with DFA, DSM and Frontier.

M Fund, Inc.

SUPPLEMENTAL INFORMATION (Unaudited)

Portfolio Holdings Disclosure

Disclosure of the complete holdings of each Fund is required to be made quarterly within 60 days of the end of the Fund's fiscal quarter in the Annual Report and Semi-Annual Report to Fund shareholders on Form N-CSR and in Form N-PORT, with every third month made available to the public by the SEC 60 days after the end of the Funds' fiscal quarter. You can find SEC filings on the SEC's website, www.sec.gov. Each Fund will also make the quarterly holdings reports available on the Corporation's website at www.mfin.com. Once you reach the website, click on the M Funds link at the bottom of the web page. Then, click on the "Quarterly Holding Report" link.

Proxy Voting Policies and Procedures and Proxy Voting Record

A description of the Corporation's proxy voting policies and procedures and the Corporation's proxy voting record for the most recent twelve-month period ending June 30 are available (1) without charge, upon request, by calling the Corporation toll-free at 1-888-736-2878; and (2) on Form N-PX on the SEC's website at www.sec.gov.

M Fund, Inc.

HYPOTHETICAL EXPENSE EXAMPLE (Unaudited)

As an indirect shareholder of a Fund, you incur ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from January 1, 2020 to June 30, 2020.

Actual Expenses

The first line under each Fund in the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line under each Fund in the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing Fund costs only. As an indirect shareholder of a Fund, you do not incur any transactional costs, such as sales charges (loads), redemption fees or exchange fees. However, you do incur such transactional costs, as well as other fees and charges as an owner of a variable annuity contract or variable life insurance policy. If these transactional and other insurance company fees and charges were included, your costs would have been higher. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only, and will not help you determine the relative total costs of owning different variable annuities or variable life insurance policies.

M Fund, Inc.

HYPOTHETICAL EXPENSE EXAMPLE (Unaudited) (Continued)

	Beginning Account Value January 1, 2020	Ending Account Value June 30, 2020	Annualized Expense Ratio	Expenses Paid During Period* (January 1, 2020 to June 30, 2020)
M International Equity Fund				
Actual	\$1,000.00	\$ 861.50	0.63%	\$2.92
Hypothetical (5% return before expenses)	1,000.00	1,021.70	0.63%	3.17
M Large Cap Growth Fund				
Actual	1,000.00	1,088.20	0.77%	4.00
Hypothetical (5% return before expenses)	1,000.00	1,021.00	0.77%	3.87
M Capital Appreciation Fund				
Actual	1,000.00	849.10	1.13%	5.20
Hypothetical (5% return before expenses)	1,000.00	1,019.20	1.13%	5.67
M Large Cap Value Fund				
Actual	1,000.00	814.70	0.68%	3.07
Hypothetical (5% return before expenses)	1,000.00	1,021.50	0.68%	3.42

* Expenses are calculated using each Fund's annualized expense ratio (as disclosed in the table), multiplied by the average account value for the period, multiplied by the number of days in the period (182 days), and divided by the number of days in the year (366 days). In addition to the fees and expenses which the Fund bears directly, it also indirectly bears a pro-rata share of the fees and expenses of the underlying fund in which it invests. Such indirect expenses are not included in the above expense ratios.
